WELCOME TO OUR FIRST AUDIOBOOK PREVIEW GUIDE...

This is your guide ... an introduction to the more than 30,000 audiobook titles available to you from Recording for the Blind & Dyslexic® (RFB&D®). We invite you to take a few minutes to explore the thousands of topics and titles we offer for our individual and institutional members through RFB&D's Learning through Listening® Program.

For students of all ages, educators and administrators, RFB&D provides audio textbooks and supplemental books that make curriculum and instruction accessible to every student with a learning, visual or other physical disability, who is unable to read standard print. Our members borrow our audiobooks for leisure and recreational reading too ... so we offer a comprehensive collection of fiction, special interest and popular titles as well.

This guide gives you an overview of the topics and titles we offer our thousands of members. If there is a specific audiobook you or your students need, ask us. Chances are we have it in our ever-expanding collection! You can use our online audiobook catalog at www.rfbd.org/catalog or call our Member Services Specialists at 800-221-4792.

Please share this catalog with your colleagues and friends. We're committed to making sure every RFB&D member uses our services successfully in school and beyond.

We look forward to serving you in the year ahead.

RFB&D'S AUDIOPLUS CDs ... SPECIALLY RECORDED FOR LEARNING THROUGH LISTENING

All of RFB&D's audiobooks are recorded to play on specialized equipment that gives listeners the very best opportunities to listen, learn, and enjoy their reading and listening experience.

- Students can listen to any part of a book at any time so they can skip forward and backward and review content as they choose.
- RFB&D audiobooks offer enhanced navigation so students can move easily from page to page, chapter to chapter and section to section with the press of a button or mouse click.
- Depending on the playback device used, students can "bookmark" their audiobooks in multiple places so they can return to study select sections or mark sections for future study.
- Our audiobooks support variable speed playback, so students can speed up or slow down the recorded voice.

LIGHTEN UP!

RFB&D records textbooks and other content on compact discs, which typically hold more than 40 hours of recorded materials each. Most textbooks fit on a single CD, so it's convenient and comfortable for students to carry our portable CD players and their audiobooks in their backpacks.

WE'VE GOT YOUR PLAYERS TOO

Members can purchase specialized playback equipment, software and accessories directly from RFB&D. To learn more about available equipment, visit our online catalog at www.rfbd.org and click on the Players & Accessories box.

WE HAVE 30,000+ textbooks and other titles in our audiobook library.
CALL OR CHECK OUR ONLINE CATALOG FOR MORE INFORMATION!

TEXTBOOKS

RFB&D makes it a priority to record and offer audio textbooks in all subject areas, from early elementary through post-graduate level courses. The textbook series listed here are just some of the thousands of titles we make available to our individual and institutional

members. We work closely with all major U.S. textbook publishing companies and we work to record recent releases as they are made available. Call us or visit our online catalog to check on the specific textbook titles you need.

BIOGRAPHIES

Biographies give students a “you are there” understanding of the people who change our world ... past, present and future. With subjects ranging from great historical figures to today’s sports and entertainment icons, biographies support and extend the curricula in science, language arts and social studies. And yes, they make great leisure “reads” too!

Escape from Slavery: The True Story of My Ten Years in Captivity—and My Journey to Freedom in America
Francis Bok, Edward Tivnan. St. Martin's Griffin 2003.

As a seven-year-old, Bok was selling his mother's eggs and peanuts near his village in southern Sudan when Arab raiders on horseback burst into the quiet marketplace, murdering men and gathering the women and young children into a group. Strapped to horses and donkeys, he and others were taken north into lives of slavery. After two failed attempts to flee, Bok finally escaped at age 17. He persevered through prison and refugee camps for three more years, winning the attention of United Nations officials who granted passage to America. Now a student and an anti-slavery activist, Bok has made it his life's mission to combat world slavery. His is the first voice to speak for an estimated 27 million people held against their wills in nearly every nation.
